2019-27

LedgerX will be launching Bitcoin Mini contracts today, Monday, Dec. 2 after the close at 5:00pm EST. Please note that the site will temporarily be down during implementation Monday (about an hour).

Bitcoin Mini Contracts will be available on LedgerX for both Next-Day Bitcoin and Bitcoin Options.

Current contracts will have an equality to the Bitcoin Mini contracts.

- 1 Bitcoin options contract = 100 Mini Bitcoin options contracts

LedgerX will be migrating all existing contracts to Bitcoin Mini Contracts. All existing positions will reflect this migration to Bitcoin Mini contracts.
